

FOR YOUTH DEVELOPMENT®
FOR HEALTHY LIVING
FOR SOCIAL RESPONSIBILITY

THE FUTURE IS IN OUR HANDS

From the first time you attend the YMCA NC Youth Legislature, you will experience something different. You will learn debate by experiencing it with more than 1,000 teens from across the state. When you walk away with improved research and communication skills it will be because you experienced it for yourself. And when you walk the same steps as your Legislators in February, you will have experienced government firsthand. Don't let this opportunity pass you by.
